

# Wireless Solutions

for your employees

## Cellcom Business Employee Program

Cellcom is excited to provide special wireless opportunities for you.

Cellcom's Business Employee Program invites both new accounts and current customers to participate in the following benefits:

- Receive exclusive discounts on each smartphone line with a service plan that fits your lifestyle.
  - Our [Unlimited Plus Plan](#) offers unlimited talk, text, and data. No worries of data overages ever again.
  - Business employee discounts can be combined with autopay and paperless bill discounts for even greater savings!
- Stay connected on all your devices. Up to 15 devices can be activated on an account, based on the plan.
- New customers can receive up to \$650 when they switch to us through our [Switch and Save Program](#).
- Current customers can earn up to \$1,000 annually when they recommend Cellcom to others through our [Referral Program](#).

In addition to these benefits, new and existing customers are always eligible for the following:

- Participation in Cellcom's latest [promotional opportunities](#).
- Earn account credits by turning in your old device with our [Buy Back Program](#).
- Choose the upgrade eligibility that fits your device needs with Cellcom's [Flex Program](#).

Stop into any retail [location](#) or contact our Customer Care team at 1-800-236-0055 for details.

# Unlimited Plus

## Unlimited Options for Additional Devices

PREMIUM DATA <sup>+</sup>	5GB	20GB	30GB
DEVICE	MONTHLY CHARGE PER LINE**		
Tablets	\$10	\$30	\$45
Mobile Broadband	N/A	\$30	\$45
Connected Devices	\$10	\$30	\$45
Smartwatch	\$10	\$30	\$45
Basic/HPR	\$20	N/A	N/A

+ After the premium data has been reached, Cellcom may slow data speeds in areas where there is network congestion until that congestion is relieved. If not on Cellcom's latest SIM card, data speeds will automatically slow to a maximum of 1 Mbps for the remainder of the bill cycle when each line reaches its premium data allotment. Only customers on Cellcom's latest SIM card can be on the smartphone 100GB or additional devices 30GB options.

\*\* If there are no smartphones or basic phones on the plan, one device will be charged the first device line pricing. First line device pricing for tablets and mobile broadband will be an additional \$40. First line device pricing for connected devices (5GB) will be an additional \$15 and for connected devices (20GB and more) will be an additional \$40. If a tablet or mobile broadband device is on the plan, it will always receive the first device line charge vs. connected devices.
